**MEETING DATE:** DECEMBER 5, 2018

**SUBJECT:** PUBLIC HEARING TO RECEIVE INPUT CONCERNING DISTRICT MAPS FOR CITY COUNCIL ELECTIONS DISTRICT BOUNDARIES, THE SEQUENCING OF ELECTIONS, CONSIDERATION TO CONDUCT SECOND READING AND ADOPTION OF ORDINANCE NO. 2018-1178 ESTABLISHING A BY-DISTRICT ELECTION PROCESS IN FOUR COUNCIL DISTRICTS WHILE CONTINUING WITH AN ELECTIVE OFFICE OF MAYOR, AND CONSIDERATION OF RESOLUTION NO. 2018-7993 APPROVING A STATEMENT OF INTENTION FOR THE CITY COUNCIL TO ACT IN THE BEST INTERESTS OF THE CITY

---

**EXECUTIVE SUMMARY:**

On September 19, 2018, City Council adopted Resolution No. 2018-7963 declaring its intention to transition from at-large to district-based council member elections. Pursuant to Elections Code section 10010 and before drawing draft maps, the City held two public hearings within 30 days to receive public input regarding the composition of the district maps. Draft maps were prepared after the two public hearings and posted as required by law. The maps were presented at a third public hearing held on October 17, 2018. The public provided input regarding the content of the draft maps and potential sequence of elections. Revised maps have been posted as of October 31, 2018. The City Council held its fourth public hearing on November 7, 2018 and selected the "Rose B" map with the following election sequencing: Districts 2 and 4 up for election in 2020 and Districts 1 and 3 up for election in 2022. The City Council will hold its fifth public hearing tonight on the composition of election districts and sequencing and then consider the second reading and adoption of an ordinance to create such districts. Additionally, the City Council can consider a resolution expressing its intent to continue representing the best interests of the entire City even though the City Council will transition to district elections.

**FISCAL ANALYSIS:**

On September 19, 2018 City Council approved Resolution No. 2018-7964 which amended the FY 2018-19 budget to cover the costs associated with the district election process.

There is no fiscal impact associated with holding this public hearing.

**RECOMMENDATION:**

It is recommended the City Council:

1. Open the public hearing concerning the draft maps proposed to date and potential election sequencing for a district-based election process pursuant to Elections Code section 10010;
2. Invite members of the public to provide input on the map and election sequencing presented;
3. Close the public hearing when there is no more input from the public; and
4. Entertain a motion to conduct the second reading and adopt Ordinance No. 2018-1178, an Ordinance of the City of Imperial Beach, California, establishing a by-district election process in four council districts while continuing with an elective office of mayor pursuant to California Elections Code section 10010 and California Government Code sections 34871(c) and 34886 and amending Imperial Beach Municipal Code Title 2 (Administration and Personnel) to provide for City Council election districts, by title only and waive full reading of the ordinance.
5. Consider approval of Resolution No. 2018-7993.

**OPTIONS**

- Conduct the second reading, adopt the ordinance, and adopt the resolution;
- Provide direction to modify the ordinance, introduce the new ordinance and set an adjourned regular meeting to adopt the ordinance;
- Provide direction to modify the resolution;
- Provide direction to the City Manager to take a specific action; or
- Request additional information and an additional report.

**BACKGROUND/ANALYSIS:**

The City received a certified letter on August 6, 2018, from Kevin Shenkman, an attorney with the law firm of Shenkman & Hughes in Malibu, California. The letter alleges that the City's at-large electoral system violates the CVRA because it dilutes the ability of Latinos (a protected class) to elect candidates of their choice or otherwise influence the outcome of Imperial Beach's City Council elections as a result of alleged racially polarized voting. The letter threatens litigation if the City declines to convert voluntarily to district-based elections for Councilmembers.

The City of Imperial Beach, with approximately 12,826 registered voters (as of October 9, 2018), currently utilizes an at-large election system in which all voters of the entire City vote for each of the four (4) Councilmembers in plurality-win elections for four-year staggered terms.

A district-based election system (or by-district election system) is one in which the city is divided into separate districts, each with one Councilmember who resides in the district and is chosen by the voters residing in that particular district to a four-year term. Candidates for election to the City Council must also be residents of the district.

**The California Voters Rights Act (CVRA)**

The CVRA was signed into law in 2002. The CVRA prohibits use of an at-large method of election if it impairs the ability of a protected class to elect candidates of its choice or its ability to influence the outcome of an election. The legislation was motivated, in part, by the lack of success by plaintiffs in California in lawsuits challenging at-large electoral systems brought under the Federal Voting Rights Act. The passage of the CVRA made it much easier for plaintiffs to prevail in lawsuits against public entities that elect their members to its governing body through "at-large" elections.

As a result, cities and other jurisdictions throughout the State have increasingly faced legal challenges to their “at-large” systems of electing City Council members. Almost all have settled claims out of court by essentially agreeing to shift voluntarily to district-based elections. Those few that have defended CVRA challenges in the courts have ultimately either voluntarily adopted district-based elections, settled the case by adopting district-based elections, or have been forced to adopt district-based elections by judicial decree.

#### CVRA Reform (AB 350), a “Safe Harbor”

On September 28, 2016, the Governor signed AB 350 into law, codified as Elections Code section 10010 (effective on January 1, 2017). The legislation provides a “safe harbor” from CVRA litigation. If a city receives a demand letter, such as that received by the City of Imperial Beach, the city is given 45 days of protection from litigation to assess its situation. If within that 45 days, a city adopts a resolution declaring the Council’s intent to transition from at-large to district-based elections, outlining specific steps to be undertaken to facilitate the transition, and estimating a time frame for action, then a potential plaintiff is prohibited from filing a CVRA lawsuit for an additional 90-day period. The legislation also caps a city’s liability to pay attorneys’ fees of the potential plaintiffs at \$30,000, if the city follows AB 350. The potential plaintiff must show financial documentation that these costs were actually incurred.

#### At-large to District-Based Elections Transition

Pursuant to Elections Code 10010, a jurisdiction is required to hold five (5) public hearings in connection with the establishment of electoral districts. The legislation provides the community an opportunity to comment on the composition of the districts during the first two (2) public hearings before draft districting maps are prepared. Two (2) additional public hearings are held for public input regarding the draft districting maps and the proposed sequence of elections within the new districts. The final public hearing occurs in connection with the vote to finally enact an ordinance establishing district-based elections.

#### Status of Incumbent City Council Members

Most communities have taken a phased approach to implementing district-based elections. Generally, the terms of sitting Councilmembers are not cut short. District-based elections are phased in as terms expire.

#### **DISCUSSION:**

On September 19, 2018, the City Council adopted Resolution No. 2018-7963, outlining its intention to transition from at-large to district-based elections, specific steps it will undertake to facilitate the transition and an estimated timeframe for doing so. Pursuant to Elections Code section 10010 and prior to drafting any maps, the City held public hearings on September 25, 2018, and September 26, 2018, to receive public input regarding the composition of the district maps. Such public hearings were advertised in the newspaper, the City’s website, through social media sites, and by flyers posted at various locations throughout the City. The City also provided public participation kits to allow members of the public to prepare their own maps for submittal to the City. Furthermore, the City hosted informational booths at the Farmer’s Market on September 28 and October 5, 2018 and prior to the Symphony by the Sea event on October 6, 2018 to provide additional public outreach.

In addition to the public input received during the public hearings on the composition of the City’s yet-to-be-formed voting districts, the following state and federally-mandated criteria will be used:

Legal Requirements:

1. Each council district shall contain a nearly equal population as required by law; and
2. Each council district shall be drawn in a manner that complies with the Federal Voting Rights Act. No council district shall be drawn with race as the predominate factor in violation of the principles established by the United States Supreme Court in *Shaw v. Reno*, 509 U.S. 630 (1993), and its progeny.

In addition to the legal criteria above, the following optional criteria may be used in the development of the districts.

Traditional Districting Principles:

(numbering is for ease of reference and does not indicate priority)

3. Each council district shall consist of contiguous territory in as compact a form as possible.
4. Each council district shall respect communities of interest, such as school- and park-connected neighborhoods, rural or urban populations, city planning areas, social interests, agricultural, industrial or service industry interests, or other locally-recognized definitions of communities and neighborhoods, insofar as practicable.
5. Each council district border shall follow visible natural and man-made geographical and topographical features follow visible natural and man-made features, including mountains, flat land, forest lands, highways, canals, etc., insofar as practicable.
6. Each council district shall respect the previous choices of voters by avoiding the creation of head-to-head contests between Council Members previously elected by the voters, insofar as this does not conflict with Federal or State Law.

The City's demographic consultant, NDC, prepared several draft district maps and sequences of elections for City Council consideration at the October 17, 2018 public hearing. Members of the public also submitted their own draft district maps and sequences of elections for City Council consideration at the October 17<sup>th</sup> meeting. NDC received ten (10) draft district maps from members of the public. All maps were posted by October 10, 2018. The draft maps and the accompanying population and demographic data were made available on the City's website [www.ImperialBeachCA.gov](http://www.ImperialBeachCA.gov). The City Council held its third public hearing on October 17 and received input from the public. At the close of the public hearing, the City Council determined to proceed with draft maps provided for four Council districts and an elective office of Mayor. The Council expressed particular interest in both the "NDC Blended" and "Rose 2" maps.

The Council requested that the demographer examine whether District 4 in "Rose 2" could be adjusted so that it is not so geographically small relative to the other districts, and made a general comment that it would be preferable for more districts to touch the beach, if possible. A revised map reflecting those comments, named "Rose B," was posted on October 31, 2018.

At the City Council's November 7, 2018 meeting, which was the fourth public hearing, the City Council allowed the public to provide input regarding the content of the draft maps and sequence of elections. The City Council selected the "Rose B" map with the following election sequencing: Districts 2 and 4 up for election in 2020 and Districts 1 and 3 up for election in 2022. They also introduced an ordinance implementing district-based elections for seats on the City Council.

At the fifth and final public hearing on December 5, 2018, the City Council may vote to consider final adoption of an ordinance establishing district-based elections.

The City is proceeding under Elections code section 10010 in order to take advantage of its "safe harbor" provision, which protects the City from litigation under the California Voting Rights Act and places a cap on the City's exposure to attorneys' fees.

Additionally, some members of the public and members of the City Council have expressed a concern that district elections could cause members of the City Council to only consider their own districts when acting on behalf of the City in the future. Resolution No. 2018-7993 is presented to allow the City Council to declare its intention to continue to endeavor to act in the best interests of the City as a whole, despite Council Members being elected to represent one of the City's four districts.

**WHEREAS**, under the new “by-district” method of electing Council Members, only those registered voters who reside within a given district may vote for the Council Member who will represent that district; and

**WHEREAS**, members of the public and Council Members have expressed a concern that the switch to by-district elections would result in Council Members being more concerned with their district's best interests rather than the best interests of the City as a whole; and

**WHEREAS**, the City Council desires to affirm to the public that individual City Council Members will act in the manner that they determine to be in the City's best interests.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Imperial Beach as follows:
